About Us

Save Palestine is a non profit organization that intends to raise funds globally online in order to support and assist the victims of the Israel-Palestine conflict. We are aware of the atrocities being performed upon the innocent civilians living in Palestine and aim to put an end to it,

Why Should You Support Us?

Although there exists a difference of opinion regarding the Israel-Palestine conflict, SavePalestine strongly believes that innocent human beings are being massacred in Palestine. This event is nothing short of genocide; moreover, even though awareness is being raised upon this matter globally no action has been taken thus far. SavePalestine will provide victims with financial aid directly in order to enable them to live their lives peacefully. In conclusion we will do everything in our ability to ensure that the innocent human beings that are being killed in Palestine can live safely and those that have suffered be compensated in order to continue their lives peacefully.

How can you contribute?

SavePalestine enables people from all over the globe to easily contribute to the assistance of the victims in Palestine through online donations. The concept of crowdfunding has always existed. SavePalestine's goal is solely to aid the victims of Palestine. You can donate money through our website which will be put to use to help the victims of the Israel-Palestine conflict.
